

2010 Party Platform Comparisons

Conservative legislators have worked hard to deliver on a few basic things that matter, yet the work of conservatives in the Legislature is far from complete. The state must address a multi-billion dollar revenue shortfall without raising taxes, we face increasingly egregious intrusions against our state sovereignty by the federal government, taxes are too high, border security remains a challenge, and elections must be free of fraud. Expanded government is not the answer for a people as smart and industrious as Texans, and we need to continue to promote the values of faith, family, and hard work.

The [Pledge with Texans](#) issued by the Texas Conservative Coalition (TCC) promotes these values, serving as a principled guide for policy action in the 82nd Texas Legislature and beyond. This document illustrates how the five core conservative issues of the TCC Pledge with Texans are incorporated in the Republican Party platform and rejected by Democratic Party platform.

Pledge Plank One: Balancing the Budget without Raising Taxes

2010 Republican Platform	2010 Democratic Platform
"We urge state and federal legislators to reduce spending. We also support a 'cap' on government spending at all levels, with adjustments based only on inflation and population change." (p. 20)	"...avoid slashing critical state services or enacting any new fees or so-called 'revenue enhancements' unless absolutely necessary." (p. 12)
"Amend the Texas Constitution with a tighter, more meaningful spending limitation based on population growth and annual inflation." (p. 28)	
"We oppose all bailouts of businesses, states, and all other government entities. We encourage government to divest its ownership of all business that should be run in the private sector and allow the free market to prevail." (p. 20)
