To The Voters of District 66 in Collin County,

As most of you know, I have been running for the Texas House of Representatives since August, 2009. Our campaign message has focused on the issues and returning our representation in Austin back to conservative values. We have run an honest, ethical, grassroots campaign that is above board and without reproach.

Unfortunately one of my opponents has decided to attack me both personally and professionally and I can no longer sit idly by and allow these attacks to remain unaddressed.

1. 'Operation Chaos' was launched by Rush Limbaugh in 2008 to try and avert an Obama presidency. I participated in Operation Chaos because, like many other loyal Republicans, we could foresee the disaster an Obama administration would bring to this country. If I am a Democrat, then so is Rush!
2. My business property taxes have always been paid on time and in full.
3. As a small business owner, I have several dba's registered, many of which were never launched and most of which are merely ideas or concepts. One of these dba's, 'Love in the Fast Lane' was a concept I developed for an advertising campaign to address road rage. It was never launched.
4. Another dba is Fubiov (Forget U Buddy I'm On Vacation). Fubiov is an internet portal designed for users to share family vacation stories, videos, pictures, & destination critiques. There was never any deceitful advertising or improper content.
5. The [www.Fubiov.com](http://www.Fubiov.com) site was deactivated until now. Feel free to visit the site. I may decide to keep the site live as a result of the free publicity it is receiving.
6. Our contributors are staunch conservatives who put their money where their mouth is. They support conservatives running for office around the state of Texas, and chose to back me as well, and we are grateful. Liberal/progressives would like to discredit the conservative base by calling us extremists.

My opponent's malicious and hateful attacks are the work of a desperate opponent. The old tired political attacks that worked in the past are not going to get leaders elected this time. I believe voters are looking for real leadership to move our state forward - not politics as usual. Join me in returning our government to a body of patriotic statesman and not the same old rhetoric. Stand with me on March 2<sup>nd</sup> and return our government to the people!

Wayne Richard
